

Technical Data

Solvent	Hydrocarbon
Propellant	Hydrocarbon
Spray pattern	Mist
VOC	100%
Shelf life	12 months
Storage temperature	5°C - 35°C

DASA DS-750 Aerosol

Features

- Quick and easy to use
- Prepares membrane for splice tape
- Removes dirt, oil and grease
- No rinsing required

Properties & application

- A blend of organic solvents designed to quickly remove dirt, oil and grease based products from roofing membrane for optimum adhesion. **DASA DS-750** can also be used to remove excess roofing adhesive or primer.
- Always test a small sample of the materials first to ensure the suitability of the product for the application.

DO NOT USE ON FLEXIBLE PVC OR EXPANDED POLYSTYRENE.

Directions for use

1. Brush excess dust and loose contaminants from the roof membrane..
2. Hold the spray can vertically at an angle of 90° and spray with a distance of 10-20 cm to the surface to be sprayed.
3. Spray DASA DS-750 onto the roof membrane and wipe off with a clean, soft lint free cloth.
4. Drying time is approximately 5 minutes, but will vary depending on substrates, ambient temperature and humidity. Over spraying will extend the drying time.

Storage

Protect from extremes of temperature in a controlled environment between 5 and 35°C, and away from direct sunlight. Stored under the correct conditions, in original, unopened containers, the product will have a shelf life of 12 months.

DO NOT ALLOW THE PRODUCT TO FREEZE
